## Product Description

The Corolla uses Michelin tires 215/45 R17 tires, TRD Sportivo high-performance shock absorbers, TRD TF4 17-inch sports wheels, reinforced clutch, high-performance brake pads to ensure that it has a relatively ideal sports performance. The first generation of the Corolla was released in 1966 [1] as a national car, which was popular with consumers at that time due to its low price, and has now developed into its 11th generation, and is still one of the best-selling models in the world.
