Product Description:

Used Haibao DM

The Seal DM 2023 DM-i 1.5T 121KM Flagship Edition offers an exceptional blend of performance, efficiency, and technology, making it an ideal choice for modern drivers. As a member of BYD's highly acclaimed hybrid lineup, this flagship model brings the advantages of both gasoline and electric power, with a focus on delivering smooth and eco-friendly driving experiences.

At the heart of the Seal DM lies a 1.5T turbocharged engine paired with BYD's DM-i hybrid system, offering a combined range of impressive power and fuel efficiency. The electric motor provides 121 kilometers (75 miles) of pure electric driving range, perfect for daily urban commutes. Meanwhile, the gasoline engine ensures long-range capability and added convenience for extended journeys. With quick acceleration and a seamless switch between power sources, the driving dynamics feel refined and responsive.

This flagship edition boasts a well-crafted interior with premium materials and advanced technology. A large central touchscreen dominates the dashboard, integrated with BYD's smart infotainment system, providing intuitive access to navigation, media, and vehicle settings. The cabin is spacious, with ergonomic seating that ensures comfort for all passengers. Key features like adaptive cruise control, lane-keeping assist, and a 360-degree camera system enhance both safety and driving convenience.

Externally, the Seal DM flaunts a sleek, aerodynamic design with sharp lines and a modern aesthetic that reflects its hybrid identity. LED headlights and alloy wheels further emphasize its premium appearance.

Overall, the Seal DM 2023 DM-i 1.5T Flagship Edition delivers a balanced combination of power, efficiency, and luxury, setting a new standard in the hybrid vehicle segment for drivers who value performance without compromising on sustainability.
